

Undergraduate Street Medicine Outreach

Our mission:

We aim to **reduce** the barriers that **unhoused** populations in the **East Bay** face specifically regarding **healthcare, living conditions, and their advocacy**

California Has A Massive Housing Crisis

- The bay has 35k known unhoused residents, most of which have no shelter
- Their lifespan is 30 years shorter than the average Californian
- Many of them have degenerative conditions from a lack of care

So how do we help?

We **partner** with
local orgs

Advocate for
the unhoused

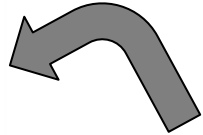

Host weekly
outreach events

A Bit of Background

Jason Abbas

Founded by this
handsome man

USMO was founded in 2021 by four seniors and three sophomores who worked with the **Berkeley Needle Exchange** and saw the reality of living homeless

So how'd all this happen?

You can be a part of where
we go!

More Resources and more partnerships

Getting fentanyl test strips, tarps,
books, and means to truly help

We partnered with Whole Foods

Getting tons of cooked meals for the
unhoused

Started with a kitchen

We made 50
nutella
sandwiches on
our first outreach

All in 1.5 years btw

We became affiliated with the University

Partnered with BSC , ASUC,
and a bunch more on campus
orgs

Why us?

There are other clubs that help the unhoused as well

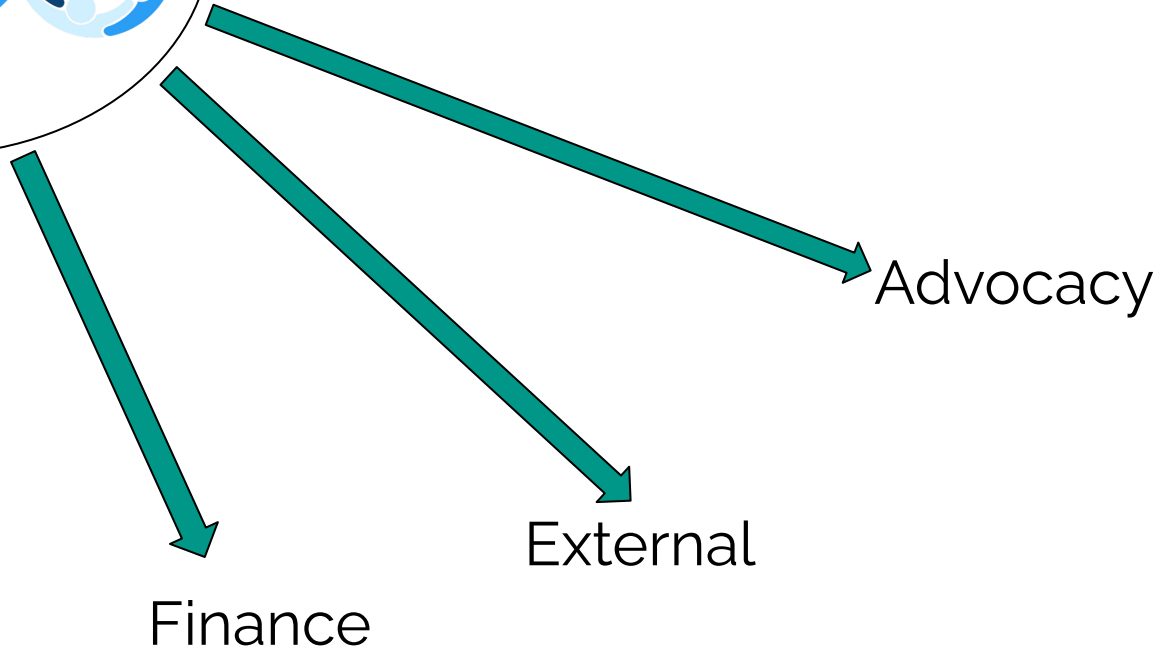

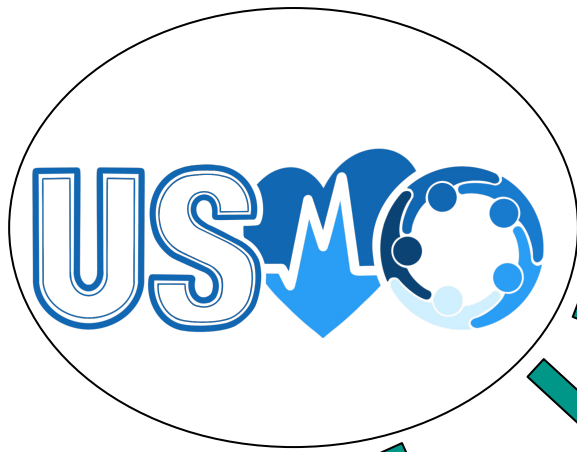

- Understand the *person*, not the problem
- We build meaningful relationships with those we help
- We go far more frequently
- USMO is always expanding!!

What We're Looking For

- Empathetic
- Hard working
- Problem-solvers

Committees

President - Anju

- Primary contact for the club
- Lead meetings and events
